

ANACONDA NEWS.

WHAT TO DO TO-DAY

Timely and Good Advice Given by a Minister of the Gospel.

DO NOT FORGET THE NEEDY

There May Be Some Who Can Not Afford Turkey and Other Nice Things—Go to Church in the Morning.

To the Editor of the Standard.

Thanksgiving day, of course, we—that is, those who are in circumstances to afford it, will be provided with all the good things the market of Anaconda supplies. In all probability our thoughts by day and our dreams by night for the past week have been of turkey, pudding, pies, etc. But is this giving thanks?

The president, in his message, says: "Let us not forget on this day of thanksgiving the poor and needy, and by deeds of charity let our offerings of praise be made more acceptable in the sight of the Lord." Many homes in our city will, unless we, out of abundance, supply them, have no turkey. Perhaps the father has been out of work, the mother sick, and therefore they cannot afford such luxuries.

We are a Christian nation, owning God as our ruler and acknowledging His goodness in the bounties freely bestowed. Summer is gone, winter is here. The snow and ice remind us that pleasures enjoyed in the open air during the pleasant days of fall must now be abandoned and indoor amusements must be inaugurated, the long winter nights making this possible.

Thanksgiving, like Christmas, is a time for families to gather and enjoy the sweet fellowship of home. Jesus said, "If ye do good to those who love you, what do ye more than others?" Kindly reader, open your heart; open your home. There may be within the confines of our beautiful city people who, like the poor, are always with us. These do not include those who are cared for by the charity institutions of our well regulated city, state and nation, but boys and girls who have come from afar to embrace and enjoy the benefits of our growing city in an educational, commercial or financial sense and will not be able to reach their homes—"Sweet home"—for this occasion. Boarding houses and comfortable lodging places are conveniences, but not homes. They do not fill up the measure of desire which well up in the heart of those who are deprived of the family gathering upon Thanksgiving.

Then let us open our hearts and have a heart thanksgiving, or, in other words, a thanksgiving in the heart. If you do not want the privacy of your home invaded during the regular hour for dinner by the presence of strangers, then arrange for another hour in which you may serve, and, if convenient, invite them to attend with you the Thanksgiving services at the Presbyterian church in the evening. In this way you may spend one of the grandest and pleasantest days of the year.

The true idea of Thanksgiving is worship and praise. For some the idea of devotion to God never enters the mind. Let us not forget that this day is a day of prayer and thanksgiving to God, and not a day for sinful pleasure and indulgences of the flesh. Do not prostitute this our national Thanksgiving by making it a stench in the nostrils of God. "Be not deceived; God is not mocked; whatsoever a man soweth that shall he also reap."

Let this Thanksgiving in Anaconda be an example of righteousness and peace. Thanks be unto God for his unspeakable gifts to the children of men; thank God for the prosperity within our borders and the joy of our palaces; for the city of Anaconda, for our churches, our schools, thanks be unto His name.

George E. Barnaby,
Pastor of Christian Church,
Anaconda, Nov. 25, 1896.

IN DEER LODGE.

Court Matters and General News of the Valley.

Deer Lodge, Nov. 25.—The district court has been occupied since yesterday morning in the trial of the suit of James B. Haagin against Raymond Salte. The controversy is over a water right which the defendant claims to hold by virtue of a prior location and also possession. The jury is composed of A. B. Hoover, John Hogg, John T. Powell, T. H. Cannon, H. Redmond, M. Bolinger, J. A. Johnson, John McInerney, Joseph Jolly, John McCormick, Pat McCormick and J. A. Keenan. W. W. Dixon, George E. Hutton and William Scallor are the attorneys for the plaintiff and Edward Scharnikow and F. A. Adkinson for the defendant.

Upon application of Napton & Napton, attorneys for John Rose, who was recently convicted of criminal assault and sentenced to a term of 25 years in the penitentiary, the court ordered that the defendant be allowed to and including Dec. 24 in which to prepare, serve and file affidavits, bill of exceptions and a statement of the case in support of the defendant's motion for a new trial.

In the suit of A. M. Morrison vs. W. A. Clark the court sustained the defendant's demurrer to the complaint and overruled the demurrer of plaintiff to the answer of W. S. Shaw and allowed each side 10 days to plead.

County Auditor Miller is a very busy man these days auditing election bills. He estimates that the cost to the county of holding the last election will be in the neighborhood of \$12,000.

Lucas R. Finn, a respected citizen of Washington gulch, died at his home early this morning of pneumonia, aged 59 years. He was one of the pioneers of Nevada valley, having lived there for over 20 years. He was a member in good standing in Muada Creek lodge, A. O. U. W. The remains will be brought to Deer Lodge next Friday and interred in the Deer Lodge cemetery.

Edward Spensley and Miss Kate Tompke were quietly married last evening at the City hotel in the presence of a few of their intimate friends. Mr. Spensley is one of the prosperous business men of Deer Lodge and has a host of friends who wish him the fullest measure of happiness in his new venture. The bride has the distinction of being young and beautiful.

Lee Montgomery, who has been operating a placer mine in Buffalo gulch the past season, returned to Deer Lodge last evening to pass the winter.

The ladies of the Degree of Honor are making extensive preparations for their Thanksgiving ball to-morrow evening.

Twenty prisoners were received at the state penitentiary during the last week.

Copper Market.

A good business has been going, and especially in the beginning of the week

the market showed great firmness, some buyers willingly paying the advance higher prices asked by producers. On the other hand, offers from Europe fell off entirely, and while a firm tendency still prevails, this did not fail to put a damper on the market. It is reported that Lake copper was sold early this week at 11½¢, but later on some second-hand lots which were offered did not find buyers except at 11½¢. Other sorts have also been irregular, and we have to quote for electrolytic copper in cakes, wire bars or ingots 11½¢, and for cathodes 10½¢. Casting copper remains very firm, with no sellers below 11½¢. Exports of copper last week were the highest on record, 4,207 long tons.

The London market remains firm with a steady business doing and prices a trifle higher. £29 10s 6d for spot and £29 2s 6d for three months prompt. The higher prices asked for best selected and tough copper have prevented a larger business. The visible supplies of copper in Europe for the first half of this month have increased 155 tons, which, considering the tremendous shipments from this country, is very little. We quote for refined and manufactured: English tough: £31 15s 6d for best selected, £32 15s 6d for strong sheets, £30 for India sheets, £25 6d for yellow metal, 5d.

The following figures give the production (in tons of 2,240 pounds) of copper in the United States, and also by the chief foreign mines, with the exports from the United States, for October, and the 10 months ended Oct. 31:

	October, 10 months	1896.	1895.
Production in U. S.	8,16,853	128,629	157,919
Exports from U. S.	1,371	51,909	100,591
Production foreign sources, U. S.	1,200	13,562	12,000
Reporting foreign mines	7,297	71,301	71,603

Total production, tons 25,455 211,493 241,512
Exports from U. S. 1,371 51,909 100,591
For the 10 months the United States production shows an increase of 23,718 tons, or 21 per cent., while the United States exports increased 48,691 tons, or 53.5 per cent. this year.

Space at Its Correct Valuation.

A Massachusetts paper, the Plymouth County Press, comes out squarely against free advertising and gives its reasons therefor in this sensible fashion:

"The columns of a newspaper represent a cash value. No paper can afford to give advertising or 'notices' free, any more than a merchant can toss over the counter free gifts of dry goods or shoes. A newspaper is a legitimate business institution; its columns are its stock-in-trade, and announcements should be paid for, no matter in what part of the paper they appear. It is no doubt policy for a newspaper to reciprocate when courtesies in the shape of job printing, etc., are extended, but beyond that the rule should be absolute. No pay, no free advertising or reading notices of any entertainments to which an admission fee is charged."

BRIEF TELEGRAMS.

Berlin, Nov. 25.—Emperor William has designed a cup three feet high, to be named the Jubilee cup, in commemoration of Queen Victoria's 60th anniversary of her reign, to be called for by British yachts in a race next year from Dover, England, to the Island of Heligoland. Her majesty will in person present the cup to the owner of the winning yacht at Kiel.

Washington, Nov. 25.—The president has appointed Frank D. Hill of Minnesota consul at Santos, Brazil, to succeed Henry C. Smith, removed, and Rev. J. L. Corning of New York, consul at Munich, Germany.

Bremen, Nov. 25.—Five hundred employees of a warehouse company struck last evening. The strikers demand three and a half marks a day instead of three marks, which they have been receiving. The company offered to compromise on the basis of three marks 36 pfennigs, which was rejected.

Decatur, Ill., Nov. 25.—Sponsor at Springfield sold the revolver that killed Rev. Mr. Miller at Decatur, Ill. The sale was made Monday to a man 55 years old, with gray whiskers, who was well dressed. This is Miller's description. The suicide theory is not accepted, though his friends will not admit it.

New York, Nov. 25.—Four hundred persons, most of them women, were in peril a short time to-day when fire broke out in the six-story tobacco factory of B. Newmark & Co. The inmates all escaped without serious injury. The tobacco stock, valued at \$40,000, was ruined by smoke and water. The building was damaged \$10,000.

Berlin, Nov. 25.—A dispatch from Tokio, believed to have emanated from official sources, states that Japanese warships will be sent to the Philippine islands, the latest news from which place is most disquieting. It is stated that the insurgents won a battle and an attack upon Manila, the capital, is feared.

Canterbury, Nov. 25.—In the chapel house at Canterbury, Right Rev. Frederick Temple, archbishop of Canterbury, was formally elected primate over all England. The quaint formalities of the 17th century were observed.

London, Nov. 25.—At the Baltic the wheat market was very firm. California wheat sold 9d to advance. Twenty-one quarters of California wheat were sold at 25s.

Boston, Nov. 25.—Kidder-Morgan faction won in the contest for control in the West End Street Railway company.

London, Nov. 25.—A special from Berlin says Dr. Carl Peters, the German explorer, has written a pamphlet with a view to proving that the election in the United States was largely influenced by English subsidies.

Washington, Nov. 25.—Consul General Lee called on the president this morning, presumably on Cuban affairs.

Old Time Bonds.

Washington, Nov. 25.—Secretary Carlisle has issued a circular giving the public notice that \$9,712,000 of six per cent. bonds issued under the acts of July 1, 1862, and July 2, 1864, commonly known as currency sixes, become due Jan. 1, 1897, and that interest will cease that day. The bonds were issued in aid of the Central Pacific, Union Pacific, Kansas Pacific, Great Northern and the Union Pacific and Western Railroad companies. The bonds should be forwarded to the secretary of the treasury for redemption.

"Railroad Back"

A COMMON AILMENT AMONG MEN WHOSE business keeps them on railroad cars a great deal is often termed "Railroad back." It is a weakness in the muscles or nerves at the lower end of the spine. Dr. Sanden's Electric Belt is a quick and permanent cure for this weakness. Its strengthening currents give immediate relief to the dull, dragging pain, and all evidence of the trouble is removed in a few weeks.

"Your Belt is a dandy. I got it mostly for kidney trouble, for the pains were so bad in my back that I could not lie in bed. After I had used it one week the pains left me. Now I don't need to use the Belt any more. It is wonderful what a strong current of electricity it gives. It nearly lifted me off my feet once when I charged it too strong. I hope they will have a big sale, as they will do any man good," writes Wm. Day, Bliss, Idaho.

Railroad Men and Drummers. All men who travel are to a certain extent afflicted with back troubles, kidney troubles, nervous and vital weakness. Electricity from this famous Sanden Belt will cure all such cases. Try it. Read the book, "Three Classes of Men." It will be sent, closely sealed, free.
